

Angela Cobian

Class year: 2011

Major: Political Science

Current Profession: Fulbright Fellow, Mexico City, Mexico

This picture shows sophomore year (2008-2009) Homecoming. This group of wonderful women of color continued to be my closest friends until we graduated in 2011. Most of us are woman of color from the Denver-Metro area, but also included international students from Ethiopia, India, and Ecuador. Our group converged with the ladies of 1W in Loomis from New England. We learned a lot from each other; at CC we empowered each other to be successful, kickass women. We continue to do so today!
